We are ACCELERONS

ABOUT US

TEAM ACCELERONS is a student-led engineering team of SAE NIT Kurukshetra. The feeling of speed and precision, the tactical aspects, the way car looks, the way it behaves, that first lap excitement and the intrigues that surround it, are the things that drives the team to DESIGN, BUILD and RACE formula-style cars for the Formula Bharat and SUPRA competitions.

From being a first-timer in **SUPRA 2014** to standing on top among all NITs in **SUPRA 2018**, the Team has come a long way, upgrading itself with each passing season.. After all Felipe Massa rightly said, "When you give up your hunger for success you are not racing full heartedly anymore.

Till date, **ACCELERONS's F4** has shown its grip in the following competitions:

SUPRA FORMULA BHARAT

where do we PARTICIPATE?

COMPETITIONS

SUPRA

SUPRA SAEINDIA Student Formula is a national engineering design competition held by the Society of Automotive Engineers India (SAEINDIA). The goal is to develop and provide a platform for student engineers to experience, build, and learn.

Students gain and develop skills such as engineering, project management and team work. Points are earned in a series of off track, "Static" events, and on track, "Dynamic" events. The team with the most points at the end of the competition wins.

02

FORMULA BHARAT

Formula Bharat is an engineering design competition in which students from colleges and universities all over the country, compete with a life-size Formula-style vehicle in areas of engineering design, overall cost, marketability and dynamic performance.

These student teams are required to build a new vehicle from scratch year-after-year and seek sponsorship and donations by their own means to fund the project.
